

Chemistry 2015-2017
Independent Research Investigation (IA)
List

In order to help you complete your IAs it will be necessary for Devin and I to know well ahead of time what chemicals (*as well as amounts*) and equipment you will be needing. This will allow us to confirm that we have what you are needing as well as sufficient amounts to meet the class needs.

Please complete the following table and submit to Google Classroom

Glassware	Volume	Number required
beaker	250	2
Volumetric flask	50, 100, 250	1, 1, 1
Graduation cylinder		

Chemical or solvent	Volume or mass	Chemical or solvent	Volume or mass
Tylenol			
Water			

Instruments or Probes	Instruments or probes
Polarimeter
